

# Upgrade Your Gasoline Filter

## Convenient Spin-ons

Now, owners of inboard or outboard engines can get smoother operation and longer life—all in one easy spin, onto

their existing engine filter heads. There's a choice of rugged, reusable clear bowls with self-venting drains (for outboard

applications), or a metal bowl with drain plug (for inboard applications). Metal bowls are UL Listed and USCG accepted.

	<b>PFF5510</b>	Replaces Mercury, Mercruiser, Yamaha, Suzuki, Honda, and Tohatsu. 10 micron. 11/16"-16 Center Thread	Inboard or Outboard
